MANUNET Transnational Call 2017

MANUNET is a network of national and regional agencies under the European Framework Programme. MANUNET is aligned with the European priorities and intends to create a smart sustainable growth in the European manufacturing sector by coordinating the research and innovation efforts in the field of advanced manufacturing.

[Access to submission system »](#)

Main objective

The strategic objective of the MANUNET call for proposals is to foster the competitiveness of Europe's Manufacturing Industry by co-funding manufacturing research projects performed by enterprises (preferably SMEs) research centres and universities.

The funding objectives of the call are transnational application oriented and high risk research and development projects related to Manufacturing.

Added regional/national value through this transnational co-operation is one of the critical success factors for transnational project support within the MANUNET ERA-NET frame.

Funding Rules

Each partner in a project must be aware of the funding rules of the corresponding regional/national funding programme. For some countries/regions additional documents or data are required by the indicated national/regional contact points.
